CAMPSITES ON THE ISLAND OF KRK

In the northernmost part of the Adriatic Sea lies Krk, the biggest Croatian island and an ideal destination for camping lovers. A motorway journey from almost any part of Europe will take you there in only a couple of hours, or you can reach the island by a one- to two-hour flight from major most European cities! There you'll find a cosy Mediterranean atmosphere: secluded sandy coves of the blue Adriatic Sea, shaded by ancient pine trees.

Don't worry, you won't have to queue for a ferry to take you to the island. You can reach Krk quite easily, by crossing a 1430-metre long bridge, which adds an impressive feature to its picturesque landscape. Another option is to fly to the Rijeka Airport, situated near Omišalj. Its vicinity and accessibility, beautiful historical tales and captivating past add to the island's mysterious appeal and make it one of the most visited islands in the Croatian Adriatic. From the very moment you set your foot on the island, known from the ancient times as Insula Aurea, you'll be amazed by its unique interplay between past and present, modern and ancient, legends and reality.

Camping lovers discovered Krk long ago, with naturists being its first and most loyal guests! This comes as no surprise since the island's campsites are situated in the most beautiful natural setting right by the sea, offering unique views. All of them boast high-quality amenities, clean and comfortable sanitary facilities, and are well-equipped for anything you may need. Croatia has thus become the first European country to welcome lovers of naturism, i.e. people who have embraced living in harmony with nature

as their lifestyle. Croatia is today the third country in Europe in terms of the capacity of naturist campsites, characterised by high quality and safety levels, beautiful settings and peaceful atmosphere.

Do you wish to spend your well-deserved holiday in a campsite, but you don't have the necessary equipment? There's no need to worry. The island's modern campsites offer mobile homes, bungalows and other accommodation units for an unforgettable stay! There you'll find all the modern amenities of a home or a supreme hotel, but with a relaxed outdoor vibe one can only get to experience while camping.

Mobile homes have all the modern comforts one may expect. Most of them have a kitchen with a coffee machine and a microwave, a living area, bedrooms, a bathroom with a shower, a toilet, a terrace, but also other amenities, depending on the selected category and size. They come in various sizes and styles, from the most basic to the most luxurious – whatever you choose, a homey feeling is guaranteed.

Although most of the campsites on the island of Krk are located right by the sea, there are a few smaller, mostly family campsites in its inland area, nestled among centuries-old olive trees. They are perfect for families with kids, young adventurous people, and true nature lovers.

The 'golden island' has it all: from extremely well-equipped campsites offering a range of activities, where you can rent a superb mobile home or some other accommodation unit, to small ones offering pitches in a family yard or garden, glamping, or Robinson-style camping.

Here you'll find out more about Krk's best campsites! Each one of them has a story to tell of the beauty of an outdoor holiday, starry sky and soft maestral wind. Each one of them can become your oasis of peace, friendship, ease and relaxation. We therefore invite you to pamper your senses, enjoy the scent of sage, sounds of seagulls, blue depths and mesmerising views. Take in the salty air, visit numerous island events, relax and enjoy the peace of your green oasis with your dearest ones.

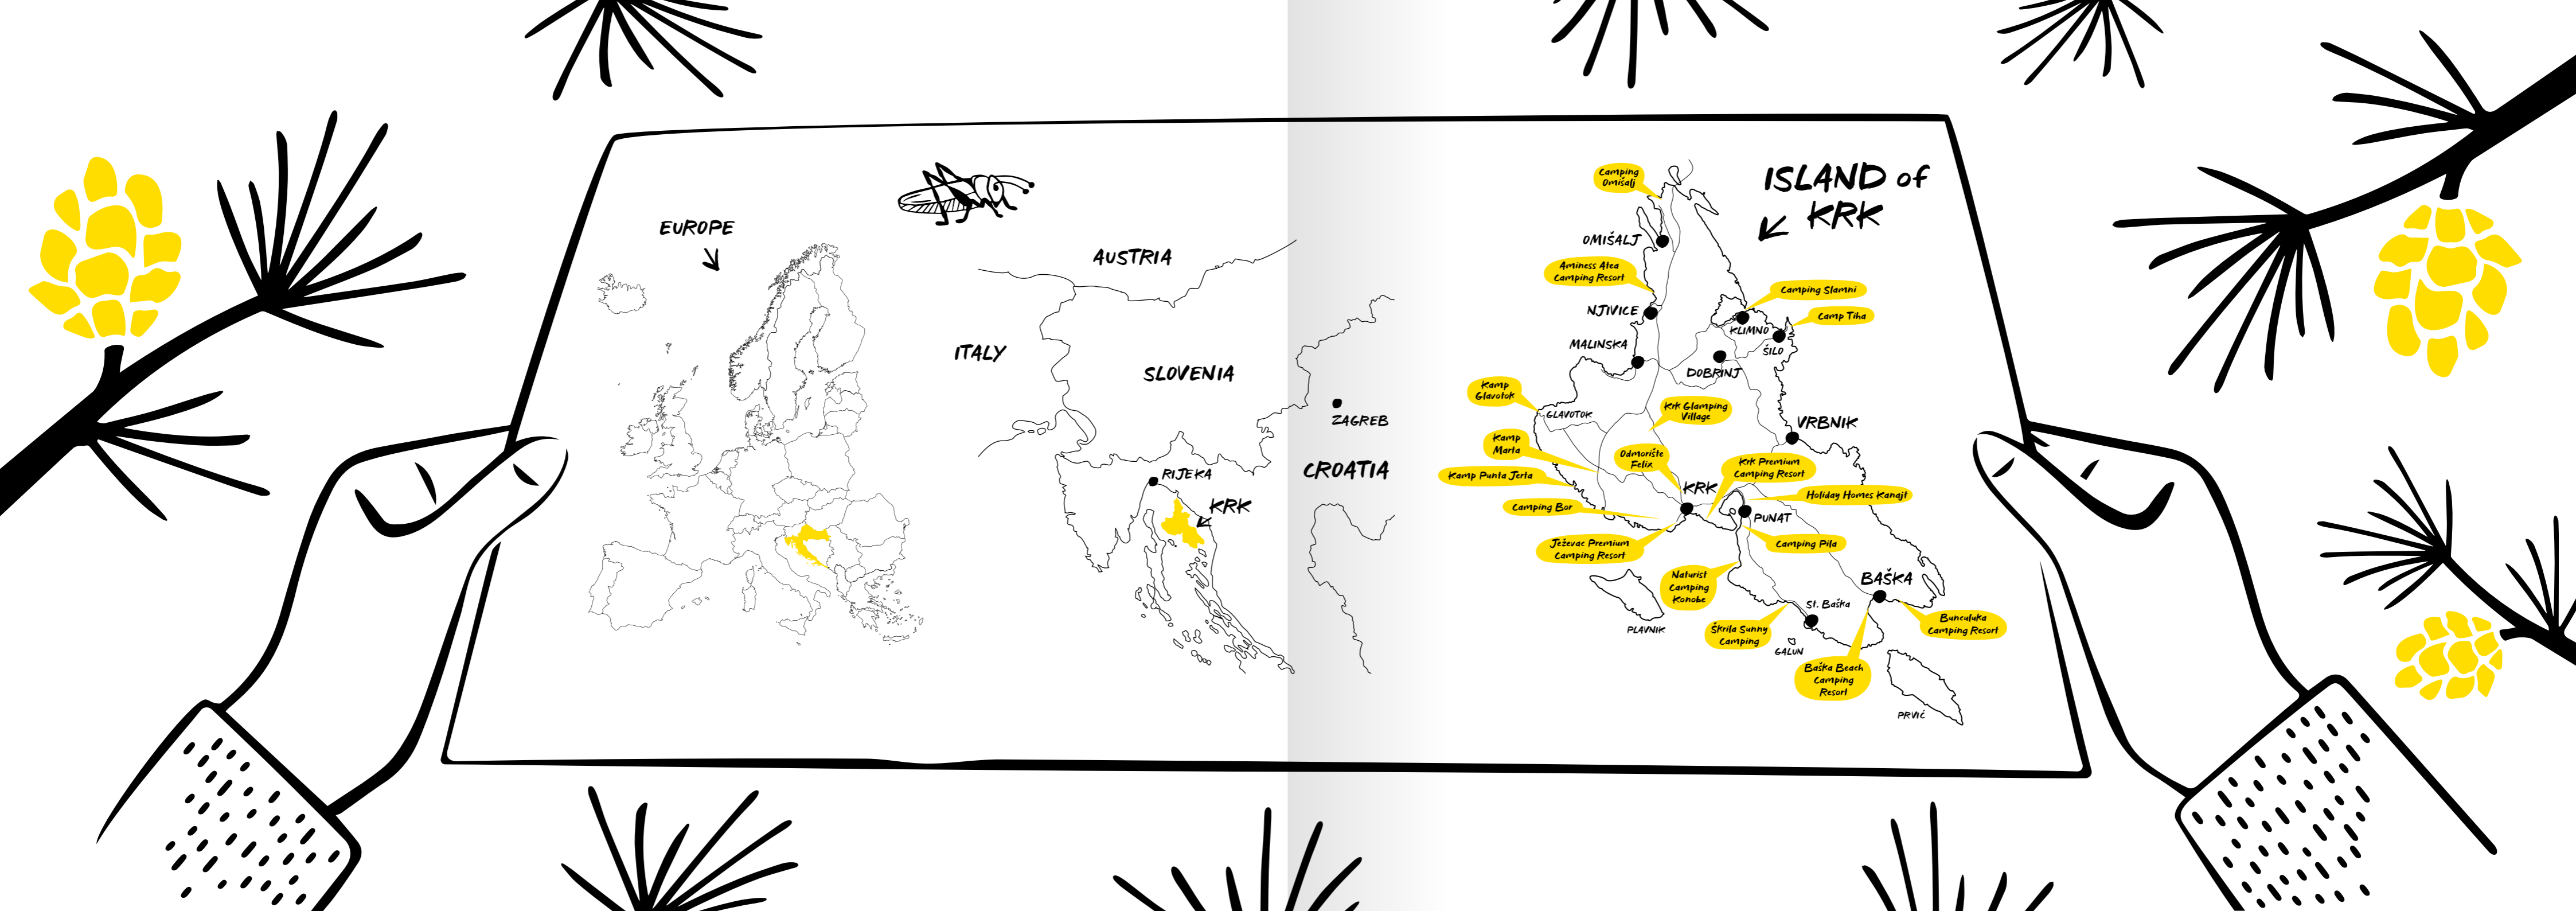

Make sure to try some of the local and international dishes offered at the campsite restaurants and other catering facilities. The gourmet offer is one of the most prominent attributes of Krk's tourism.

So treat yourself to some quality wine, preferably the autochthonous dry white wine – the Vrbnik Žlahtina. Or have a glass of brandy, made with or without aromatic herbs, which the islanders offer with dried figs as a sign of welcome.

Krk prosciutto, a first-class product with a protected geographical indication, šurlice with stew (a hand-made pasta often served for celebrations), freshly sourced fish, local cheese and olive oil or presnac, the famous cheese dessert, are just some of the tasty wonders of the island's cuisine.

Discover Krk's luscious nature throughout the seasons, and its diverse settlements with thousand-year-old monuments, museums and galleries. Regardless of what you're planning to do – lazing in the shade in front of your campervan, strolling along romantic seaside promenades or tiny trails in rocky areas offering a stunning view of the nearby hills and Kvarner islands, riding a bike on well-maintained trails stretching for hundreds of kilometres, diving in the crystal blue sea or climbing the rocks high above, you'll discover the story of the 'golden island' – the one of beauty and hospitality that cannot be expressed by words alone. Surrounded by chirping birds and murmuring waves under the starry sky, here you'll become one with the nature. Let your outdoor adventure begin... welcome!
